DETAILED ACTION

The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.

Claim 2 is rejected under 35 U.S.C. 102(e) as anticipated by Kaufman et al (US-2003/0200923). Kaufman et al discloses providing a toilet paper roll core of absorbent material (see at least Fig. 7) scented with liquid fragrance. Toilet paper is subsequently wound on the core to be unwound during use.

Claims 1-5 are rejected under 35 U.S.C. 103(a) as obvious over Kaufman et al (US-2003/0200923) in view of Singer (US-4759510). Kaufman et al discloses providing a toilet paper roll core of absorbent material (see at least Fig. 7) scented with liquid fragrance. Toilet paper is subsequently wound on the core to be unwound during use. To wrap the toilet paper roll product after it's produced with a material impervious to the scent is deemed inherent or, alternatively, would have been obvious to one of ordinary skill in the art as taught by Singer to retain the scent until the product is used.

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. Coakley (6425530) is cited to show another similar apparatus.

Applicant's arguments filed 1/30/07 have been fully considered but they are not persuasive.

As previously noted, to wrap the product with a material to retain the scent until the product is used is old and well known as evidenced by Singer and Coakley.

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

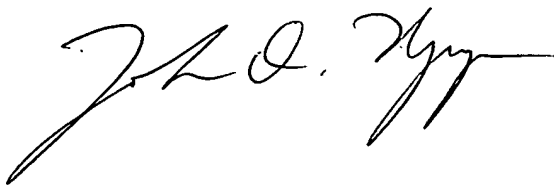

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the mailing date of this final action.
